
CAPE MENTELLE CABERNET MERLOT 'TRINDERS' 2009

SEPTEMBER 2011

“You will fall in love with this classic blend. Largely cabernet and merlot but a small amount of cabernet franc and petit verdot completes the wine. Elegant, with a wonderfully expressive palate. Long and angular but with excellent flesh filling it out. Dense and vibrant and so alive on the palate.”

“Rob Mann visited for lunch this week, then drove to Sydney under an ash cloud! His work in the vineyard and winery has elevated Cape Mentelle to the top echelon of Margaret River and, my goodness, does it show in his definitively structured 08 and 09 reds!”

THE WINE FRONT, CAMPBELL MATTINSON, 94 POINTS
JUNE 2011

“It’s a cedary, tobaccoey cabernet with notes of earth and gravel and pencil. It’s ripe and curranty but not overly so, finely structured, elegant and yet powerful. I kept trying to pick a hole in it but I couldn’t. In the end I screwed the top back on and packed the bottle for dinner. A genuine compliment. The wine is a winner.”
