
CAPE MENTELLE

CABERNET SAUVIGNON 2011

LANGTONS'S CLASSIFICATION VI, 2014

OUTSTANDING

“The classic, age-worthy Cape Mentelle Cabernet Sauvignon, with its beautiful fragrance, purity of fruit, structure and vitality, has played a significant part in shaping Margaret River’s premium wine image. After winning the Jimmy Watson Trophy in successive years for the 1982 and 1983 vintages, it became a modern legend inspiring a whole generation of winemakers to succeed in their craft.”

THE WEST AUSTRALIAN WINE GUIDE, RAY JORDAN, 2014

98 POINTS

“The Cape Mentelle cabernets just get better each year. This one is right in there with the best of them. The 2010 was outstanding, but this brings a greater depth and fruit concentration into the palate while retaining that beautifully elegant design which has become a feature of these wines. Dusty powdery tannins, medium-weight concentrated fruit and such beautiful oak treatment. Takes cabernet to an art form. ”

WINE TASTE, TYSON STELZER, OCTOBER 2013

97 POINTS

“For the warmest vintage in a decade in Margaret River, it retains impeccably vibrancy and unwavering poise amidst considerable power and solid, generous concentration. Firm, fine tannins propel an enduring finish, promising great longevity. [...] It works, defining delightful violet fragrance over a core of blackcurrant fruit and coffee bean oak.”

JAMESSUCKLING.COM, NICK STOCK, FEBRUARY 2015

96 POINTS

“A rich, confident and darkly fruited wine that has brambly foresty notes, dark roasting herbs and a savory note of freshly cast concrete, nicely augmented by creamy, spicy oak. The palate’s packed with dark cabernet fruit. The tannins are bold and sweeping, written with a thicker line weight than more Northerly Margaret River cabernet wines. Drink in 2018.”
