## SAUVIGNON BLANC SEMILLON

### 2012

---

AUSTRALIAN WINE COMPANION 2014, JAMES HALLIDAY 95 POINTS

“Quartz-white; 54/46% blend of 40 individually vinified parcels of wine; the bouquet is particularly expressive, with flowery, scented aromas, the palate with an almost pinot noir-like peacock’s tail expansion on the finish, and the aftertaste with a gamut of citrus and tropical flavours.”

WINE TASTE, TYSON STELZER, OCTOBER 2012 95 POINTS

“Definitive Margaret River SBS of laser-like precision, sensational restraint and beautifully defined acidity. An elegant and fragrant bouquet of lemon blossom glides into a taut, honed palate that zones in on lime zest, crunchy granny smith apples and electric acidity. One-tenth fermented in barrels does nothing to interrupt its purity, but builds drive and longevity. Line and length carry with unwavering determination. Its street price makes this one of the best value sauvignons on the shelves right now.”

THE WEST AUSTRALIAN WINE GUIDE 2013, RAY JORDAN 94 POINTS

“Positively bursting with tropical fruit aromas. passionfruit and citrusy gooseberry and light grass make for a wonderfully interesting opening on the nose. The palate is so pure and fresh, with delightful flavours that lift effortlessly to a long, crisp finish. The quintessential Margaret River SBS.”

THE AUSTRALIAN WINE ANNUAL 2014, JEREMY OLIVER 93 POINTS

“A typical regional blend of excellent shape and freshness. Heady, floral and lightly herbal aromas of gooseberries, passionfruit, lychees and melon reveal suggestions of cassis. Long and juicy, with a fine chalkiness beneath its pure, brightly lit fruit, it finishes with fine balance and racy acidity.”
