

CAPE MENTELLE

MARGARET RIVER

DAVID MOULTON
VINEYARD MANAGER

A true local, born in Busselton a small coastal town just 30 minutes from Margaret River, David began working in vineyards at 18 which sparked a passion for wine and viticulture. He continued to work for wineries while completing his Bachelor of Science in Viticulture and Oenology at Curtin University. Predominantly based in Margaret River, David has also worked in Rutherglen and Great Western in Victoria, as well as the Rhone Valley. Joining Cape Mentelle in April 2014, he shares our dedication to sustainability and innovation.

With over 15 years of experience under his belt, David is focused on creating a strong, proud and passionate team. Ensuring that the Cape Mentelle vineyards provide our winemakers with grapes of the highest quality and unlocking the secrets of growing premium Cabernet Sauvignon, are David's ongoing ambition.

When he's not in the vineyards, he enjoys spending time with his young family and exploring the beautiful remote coastlines of the region.
