

CAPE MENTELLE

MARGARET RIVER

DAVID MOULTON

VITICULTURIST

A true local, born in Busselton a small coastal town just 30 minutes from Margaret River, David began working in vineyards at 18 which sparked a passion for wine and viticulture. He continued to work for local wineries while completing his Bachelor of Science in Viticulture and Oenology at Curtin University. Aside from his experience in Margaret River, David has also worked in the Rutherglen and Great Western regions of Victoria and in the Rhone Valley, France.

Joining Cape Mentelle in April 2014, David shares our dedication to sustainability and innovation. With over 15 years wine experience under his belt, David is focused on creating a strong, proud and passionate team.

David's ongoing ambition is to ensure that the Cape Mentelle vineyards provide our winemakers with grapes of the highest quality and unlocking the secrets of growing premium Cabernet Sauvignon. When he is not in the vineyards he enjoys spending time with his young family and exploring the beautiful remote coastlines of the region.
