
CAPE MENTELLE SAUVIGNON BLANC SEMILLON 2010

WINE TASTE, TYSON STELZER
MAY 2011

94 POINTS

“Maragret River SBS has come of age... A touch of barrel work (just a small percentage here) adds texture and seamlessness to tightly restrained grapefruit, lemon and guava flavours. Jaw-dropping.”

JAMES HALLIDAY TOP 100 WINES

96 POINTS

“... Light straw-green, it has an extra measure of intensity and drive, with an array of flavours ranging from grassy pea pod to citrus, and ultimately a touch of tropical fruit; the length is a given, likewise the balance.”

RAY JORDAN'S 2011 WESTERN AUSTRALIAN WINE GUIDE 94 POINTS

“This is a terrific example of this style. The nose has remarkable complexity for this style with minerally, gooseberry herbal mix of considerable intensity. The palate is textured and rich yet with that beautiful fine precision you seek with this style.”

NICK STOCK'S 2011 GOOD WINE GUIDE

92 POINTS

“Fresh in the new livery, this is every bit as great as you've come to expect, with plenty of bright tropical fruits, lemons and hints of nectarine; subtly grassy too. The palate has a core of compact tropical and citrus fruit flavour, with a fine mineral thread and trademark showroom poise.”
